In2ition® Two-in-One Shower

The In2ition Shower delivers water where you need it most.

- Built-in handshower easily docks and undocks.
- A simple flip of the diverter lever switches the spray between the showerhead and handshower—or both.
- H₂Okinetic Showers provide the feeling of more water, without using more water.
- The Pause feature slows water flow to a trickle to conserve water while doing tasks such as lathering up or shaving your legs.
